THE SPRINGFIELD GLOBE,  
Volume V. Number 247.

SPRINGFIELD, OHIO, FRIDAY EVENING, JUNE 26, 1885.

THE SPRINGFIELD REPUBLIC  
Volume XXXI. Number 132.

## OWEN BROTHERS

Indications.  
WASHINGTON, June 26.—Ohio Valley and Tennessee—local rains in Tennessee, fair weather in Ohio Valley followed by local rains, generally warmer, variable winds, falling barometer.

## THEIRS OR OURS!

If our own made suits are not better by 20 per cent. than theirs, buy theirs. If our \$5, \$8, \$10 or \$12 suits are not lower by 20 per cent. than theirs, buy theirs.

If a dozen pairs on a single garment is more agreeable than one, follow the dictations of your nature and buy by the dozen from theirs.

If, on the other hand, our way and our 20 per cent. lower one price meets with your approval, we'd be pleased to see you at any time.

The young man who wants to put himself in fashionable trim for the warmer days coming should at once see

OWEN BROTHERS, and test their ability on either ready made or made to order suits.

Separate pants are smiling at you, and we often smile ourselves to think of the strict economy you practice in paying \$12 for garments that are to be had our way at \$7.50 to \$8.

Bags and satchels are handy. Straps to fit are dealt in economically here. The very finest of leather lined are among them. The very coarsest of shoddy affairs are here also, and a score of intermediates. Easy bought.

Hats have tumbled more than you'd believe without looking. It's no poor shapless hat that sells for a dollar 50 these times, and caps besides. Think of a silk "Polo" at 25c and find it only an imitation.

There's a suit in the children's department at \$3, and another at \$3.50, which are above the standard. No one knows till they've looked.

Jean pants and working shirts come and go. When \$1.25 pants are sold for 75c, there's not much use talking. Jean coats are on the same tables. Boys' shirt waists ought to be thought of soon. From poor to good, to best, we find sale for all sorts.

We'll find of new gloves to-morrow.

## OWEN BROTHERS

Springfield's Only Manufacturing Retailers, 25 and 27 W. Main St.

Lagonia House Block.

Staff Captain Miranda, the Hallehujah

Freemason, will conduct the Salvation Army

meeting tonight. He expects you there. He is known in army circles as Eli the priest. There will be a nickel offering at the door.

The picked detachment of the Fifth Battery which will compete for the artillery prize at the National Soldiers Encampment at Philadelphia next week, have their last drill at the Central Rink this evening; and it will be well worth attending, for those familiar with the artillery manual say that no gun in the State has ever been more finely handled. The boys leave tomorrow night. The Indiana companies of infantry and artillery, on their way to the Encampment, pass through here tomorrow evening on a special train over the I. R. & W. and Erie Roads.

The employees of the Ohio Southern will hold a picnic down the road next Sunday.

## THE INDIAN OUTBREAK.

Troops Demanded For Protection on the Frontier.

General Grant Continues to Improve.

Harvard Wins the Harvard-Yale Regatta.

College Boat Races.

NEW LONDON, Conn., June 26.—As the time for the race approached the interest became intense, especially among the Yale men over the report that Captain Flanders was ill and could not row. Although Flanders was sick, it had been decided that it would be better for him to row than to make a change in the stroke. At 11:25 o'clock the word was given, and Yale took water very quickly and obtained a lead of about two feet. Harvard settled to her work, however, and at fifty yards from the start had drawn up even and was beginning to draw in ahead. Less than thirty yards, Harvard showed clear water between herself and Yale, and Yale never got near her again. At this time both crews were pulling forty strokes; at a mile and a half Yale started and began decreasing the lead a trifle; Harvard immediately increased her stroke and began to draw ahead again. At three miles Harvard led by ten lengths, both were pulling about the same stroke. Harvard men along the shore now became very jubilant and Yale lost all interest in the race; both crews stopped at the finish, but Harvard crossed the line fifteen lengths ahead, an easy winner. The betting was about even, an unusually large amount of money had been put up. At 5 o'clock the water was in excellent condition.

No in the history of Yale-Harvard regattas has the interest manifested previously to any race been brought to such a high state of excitement as it was before today's contest. Early last night all the hotels were overcrowded and lodging were not to be had at any price. The betting was about even, an unusually large amount of money had been put up. At 5 o'clock the water was in excellent condition.

First mile, Harvard 5:50, Yale 6:00; second mile, Harvard 12:14, Yale 12:18; third mile, Harvard 18:53, Yale 18:57; fourth mile, Harvard 25:12, Yale 25:16.

Official time was Harvard 25 minutes 15 1/2 seconds; Yale 26 minutes 30 seconds.

Monthly Crop Report.

MILWAUKEE, June 26.—D. W. Talmadge has prepared his monthly crop report and several estimates on the wheat yield in the United States for 1885. He says there is no longer a question as to the damage and loss to the winter wheat of this section of the country. A falling off of 100,000,000 bushels in winter wheat from last year is a certainty. The present condition of spring wheat is good, but there must be favorable weather until harvest to produce the amount of wheat shown in present estimates, which is, spring wheat 121,000,000 bushels; winter wheat 10,000,000 bushels; total 131,000,000 bushels, making total shortage compared with 1884, 200,000,000 bushels; shortage compared with the average of five years past of 130,000,000 bushels.

New Steel Cruisers.

WASHINGTON, June 26.—Under the general invitation of Secretary Whitney to the officers of the navy and others, to submit plans to him for the construction of new steel cruisers, Admiral Porter has for some time past been engaged in planning a vessel which he hopes will prove a model in her class. She is to be two hundred and fifty feet long, and at same time a ram, a torpedo boat and a gun boat, will go forward or backward with equal facility, and carry a very heavy armament. It is expected she will attain great speed.

Not Guilty.

KNOXVILLE, Tenn., June 26.—The jury in the Johnson-Henry murder case has not been able to agree up to 10 o'clock last night. The jury reported that they stood nine for acquittal and three for conviction. The case has been in progress two weeks and has attracted widespread attention. Capt. E. T. Johnson, formerly of Indiana, was arraigned for killing Major Edgar Henry in Green county, Tenn., Sept. 24, 1884. Henry had seduced Johnson's wife more than a year before, and Mrs. Johnson committed suicide in Indiana.

A special from Knoxville, Tenn., says the jury in the case of E. T. Johnson, at 8 o'clock this morning, returned a verdict of not guilty and great enthusiasm.

Fatal Medical Medicine Catarrh Remedy.

OTTAWA, Ont., June 26.—J. C. Forbes, a celebrated Canadian artist, was attacked with hemorrhage from the nose two days ago, and is rapidly bleeding to death. Mr. Forbes had been suffering from catarrh, and to obtain relief injected into his nostrils a patent medicine which so ate away the covering of the arteries of the nose that they burst, and all the efforts of his medical attendants to check the flow of blood have thus far failed.

Back from Sudan.

LONDON, June 26.—The Marquis of Salisbury has telegraphed General Lord Wolsey in Egypt that he is full of sympathy with his view regarding the withdrawal of British troops from Sudan. The Marquis adds, however, that the government is unable, for various reasons, to continue the expedition.

Grant Growing Better.

Mr. McClelland, June 26.—I slept three hours continuously last night," said General Grant to his wife when she entered the sick room this morning. "I have had a very good night," he subsequently said, in all eight hours sleep were obtained.

Total Wreck.

LONDON, June 26.—A dispatch from Yokohama says the American steamer City of Tokio, from San Francisco, is ashore at the entrance of this harbor, and will probably prove a total loss.

Presidential Appointment.

WASHINGTON, June 26.—The President has recognized Karl Puffer, Consul of the German Empire, at Cincinnati, for the States of Indiana, Kentucky, Michigan, Ohio and West Virginia.

The Pusey Memorial.

LONDON, June 26.—At the meeting of subscribers to the Pusey Memorial, at Oxford, it was announced that the donations had reached 39,000 pounds, including a large amount from America.

## FOREIGN AFFAIRS.

Lord High Chancellor Hardinge Gifford Takes His Seat Upon the Wool Sack in House of Lords.

Irish Members Present at a Private Meeting of the Conservatives—Ravages of Disease Among French Troops in Tonquin.

TOOK HIS SEAT UPON THE WOOL-SACK.

LONDON, June 26.—In the House of Lords yesterday afternoon, the new Lord High Chancellor, Sir Hardinge Gifford, took his seat upon the wool-sack. It was announced that the bill providing an annuity of 20,000 for the Princess Beatrice upon her marriage with Prince Henry of Battenberg, had received the royal consent. The redistribution of seats bill and several other bills have also received the royal assent.

A private meeting of Conservative members of Parliament was held yesterday in the rooms of the Carlton Club. There was a full attendance. The presence at the meeting of several Conservatives from the province of Ulster, Ireland, is regarded as an indication that the differences recently existing between the English and Irish Conservatives have been adjusted. The Marquis of Salisbury explained his reasons for taking office, and said that he had already taken counsel concerning the course to adopt for the immediate future.

Lord Randolph Churchill, the new Secretary of State for India, and Lord Salisbury, the first member of the Ministry of the Marquis of Salisbury to enter upon the duties of his office.

Mr. Richard Ashtown Cross, Secretary for the Home Department, has ordered fifty detectives from Ireland, who have been for some time on duty in London, to return to Dublin.

Paragades have been conferred upon Mr. Watt and Mr. Mills, Royal Academicians, and Sir Nathaniel Rothschild, his elevation to the peerage. Sir Nathaniel is a member of the House of Commons, and has been appointed Under Secretary for the Colonial Department.

The Times, in an editorial, referring to the correspondence between Mr. Gladstone and the Marquis of Salisbury, says it wonders why so much solemn diplomacy should be necessary to accomplish the end in view. It says that Salisbury is doing what he began by protesting he would never think of doing. The Times comments Lord Salisbury, however, for finally acting on broad grounds of practical wisdom.

Rev. Luigi Bonomi, an Italian missionary priest, and for a long time a captive in the camp of El Mahdi, has made his escape and arrived at Dongola. Father Bonomi reports that all the priests made prisoners during the rising in the Sudan and the march of El Mahdi are in good health. The magnitude of the revolt in Kordofan has been very much overrated, says Father Bonomi, and that the priests are now free to return to their homes.

The first council of the new Tory Cabinet will take place to-day.

Alarm reports of the condition of the health of the Emperor of Germany are received here through Paris and directly contradicted those received direct from Berlin and Rome. It is generally understood that the Emperor's illness is likely to take a serious turn at any time.

DUBLIN, June 26.—The Freeman's Journal, in an editorial article upon the appointment of the Pope of Rome, Dr. Walsh, the President of Maynooth College, to be Archbishop of Dublin, says: "This appointment links Ireland to Rome in tenfold bonds of sympathy. Rome has been true to Ireland as Ireland has always been true to Rome."

CONSTANTINOPLE, June 26.—Turkey and Russia have amicably settled the differences growing out of the demand made upon the Porte by the Russian Ambassador for the removal of the Governor of Salonica, who had ordered a donkey cart to be driven through the streets of the city, and who was still under Russian protection.

PARIS, June 26.—France and Russia are exchanging views in regard to the policy to be adopted by the new Cabinet in view of the French Ambassador to London, has already "sounded" the Marquis of Salisbury upon the course the British Government will take in Egypt.

All accounts received from Tonquin show that the ravages of disease among the French troops there are simply appalling. Three thousand invalid soldiers have been sent home, the deaths among the troops are from fifteen to twenty daily.

The Republic Française and Voltaire admit the existence of divisions in the Republic, and the Government in view thereof, is that no programme should be issued, and urge that all efforts be now confined to strengthening the republic itself.

MADRID, June 26.—The commission appointed by the Minister of the Interior to study the new system of the system of imprisonment, has concluded its work. The commission pronounces the system genuine, and urges its adoption by the Government. It is believed that the disease now raging in Spain is Asiatic cholera of the worst type.

Forty-eight deaths from cholera occurred at Alicante yesterday.

An Incendiary Arrested.

ROME, N. Y., June 26.—Through a Pinkerton agent a man was caught in the act of setting fire to the carpenter shop of David Williams, on Front Street, in this city, yesterday morning. The incendiary is James McGuire, twenty-four years old. He has been employed as a night watchman in G. V. Sheldon's planing mill on Front Street. He resisted the detective, drawing a revolver, but with the aid of the detective's head, companion, and a view of the scene, he was placed in jail. During the past year and a half twenty fires have occurred in that vicinity, entailing a total loss of \$300,000. Sheldon's mill was burned at one of these fires, with a loss of \$50,000. McGuire has been suspected for over six months. There is much excitement in the city over the arrest. All rejoice that a good job has been done. The city has a standing reward of \$500 for the arrest of any incendiary.

Two Girls Shot—Kicked to Death by a Horse.

VANDALIA, Ill., June 26.—A colored boy living with a widow lady in this county shot and fatally wounded two young girls as they were passing along in front of the house yesterday. The injured girls were taken to their homes by a neighbor named Chris Nickering, who while lifting one of the girls out of the wagon, was kicked in the head by one of the horses and instantly killed.

Suicide of an Early Settler.

MILWAUKEE, June 26.—A special to the Evening Wisconsin from Superior City announces the death of Leonard Wheeler by drowning. Wheeler was one of the earliest settlers of Douglas County. He is supposed to have been temporarily insane, in consequence of litigation in which he is now involved for the possession of lands about Superior to the value of \$20,000.

## GENERAL GRANT'S CONDITION.

Comparing the Condition of the Patient With That of the Late President, the Changes Which Have Taken Place Can be Appreciated.

Mr. McGREGOR, N. Y., June 26.—Dr. Shady yesterday morning prepared the following official statement of General Grant's condition for the Medical Record: The progress of the disease from which General Grant is suffering is, barring accidental complications, necessarily slow. Comparing the condition of the patient with what it was a month ago, the changes which have taken place are appreciable.

Taking this period of time into consideration, it can be said that the swelling under the angle of the lower jaw has increased and has become harder and more deeply fixed. It has shown a tendency to progress in a direction downward, and forward upon the right side of the neck. The infiltration extending into the neighboring glandular structures and the pains in those parts, although fortunately not frequent nor severe, have a significance which can not be ignored. The ulceration on the right side of the base of the tongue has become deeper and more irregular, although its superficial area has not perceptibly increased.

This is the seat of pain occasionally in swallowing, and when certain examinations of the throat are made. The destructive process on the right side of the uvula is apparently quiescent, although a new portion of the margin of the palatal curtain showing a tendency to break down. The voice has been reduced to a whisper, due partly to inflammation, involvement of the vocal chords, and partly to nervous atony of the latter. There is some impairment of the General's strength and some loss in weight, although the appetite is unchanged and the usual amount of nourishment is taken.

The removal of Mr. McGregor has so far proved beneficial. It has enabled him to gain lost ground and thus, in a measure, counterbalanced the effect of his local malady. General Grant's condition shows no change since Wednesday. He had a passive night, with the usual wakefulness, which was offset by the morning's sleep. It was quite warm yesterday, and toward noon the general came out on the porch wearing a skull-cap and a silk-room gown. The chair was thickly padded, and with a blanket wrapped around him from the waist down, he submitted to an out-door photographic sitting. He looked unusually haggard and worn.

The general sat out on the porch fully half of the afternoon. He seemed in good spirits, and at his request the quantity of his nourishment was slightly increased. This brought on fresh pain in the throat, which the usual treatment failed to relieve. It did not prevent, however, his taking an afternoon nap. He was quiet last night, although suffering from the fresh pain. He retired at nine o'clock, attended by both doctors. He was not troubled with coughing as much as usual, and dozed off in about an hour. The night train brought a bath invalid chair for the general, a gift from a physician. It is mounted and may be wheeled about. After he gets used to it the general may be taken out to see the mountains.

FIFTEEN OUTLAWS.

Meet Their Death at the Hands of a Citizens' posse.

DALLAS, Tex., June 26.—News reached here Wednesday night that Tuesday the citizens' posse from the Texas and Indian Territory side of the Red River in the neighborhood of Delaware River, who have for several weeks past been chasing the gang of outlaws who have been murdering and stealing horses and stock in that section, overtook the gang and captured eight of them and hanged them to one tree. They proceeded a few miles further and captured four others, whom they killed in a similar manner. The news is also confirmed from Burlington and Gainesville that about three weeks ago three horse thieves were lynched, making a total of fifteen dead outlaws to the credit of this posse. Fully twenty members of the gang have been shot since last spring, and a half-dozen good officers and citizens have lost their lives.

A Rabbi Attacks our Private Schools.

NEW YORK, June 26.—Rabbi Browne, of this city, in a recent sermon, attacked the private schools. "If I had the power of legislation in my hand I should enact a law forbidding all private schools, whether under the auspices of religious corporations or private enterprise. We must educate our citizens in our own schools. If the Government saw fit to suppress a private postoffice establishment in this city, I can see no reason why we should not stop private, religious and fashionable schools, which are subversive of American citizenship, make of our boys fops, bigots and fools, and evidence of the decay of the female suffrage lecturers, Presidential candidates and runaways with coachmen and circus riders. Our school teachers are our protectors. The motto of the school, I see, is 'Liberty, Law and Liberty.' These are omnipresent. I read Monsieur Capelle's remark that America has no veneration and that her church will have to supply that want. If it is so, the veneration has departed from our churches. It has taken refuge in our public schools."

Three Persons Arrested for Murder—Attempt to Lynch Them.

CHAMBERSBURG, Pa., June 26.—On the night of May 31, John Hollinger, a young man belonging to a wealthy family living near Waynesboro, Franklin County, was shot dead during a fight with three men who had intruded in his yard. George and David Brown, living near the Hollinger place, and Henry Resler, a neighbor for the hand of Alice, sister of the Freeman boys, were subsequently arrested on suspicion of having entered the yard to steal chickens in the night, thus leading to the tragedy. It has since been discovered, however, that the men had gone to the place to kill Hollinger at the instigation of Alice Freeman, who, after having become infatuated with Hollinger and having been wronged by him, was stung to hatred by his rejection of her and marriage with another lady. She told her brothers and Resler that Hollinger had betrayed her, and this incited them to murder. Two attempts have been made by citizens to lynch the prisoners. Alice cannot have engaged on both sides for the trial, which takes place in August.

The Freshmen Won.

NEW LONDON, Conn., June 26.—In the race here yesterday between the Columbia and Harvard College freshmen crews, the latter won by several lengths. The distance rowed was two miles. The official time is: Harvard 12 min. 12 sec.; Columbia, 13 min. 18 sec. Harvard came in ten lengths ahead.

Rights of St. John.

CHICAGO, June 26.—The second day's proceedings of the seventh annual session of the Roman Catholic Order of the Knights of St. John were opened with an address of welcome by Judge Thomas A. Moran, to which Supreme Commander, Brecheer, of Buffalo, and Supreme Treasurer Hisselmyer, of Rochester, responded. The annual reports showed that the order was in a flourishing condition.

## VETERAN'S REUNION.

Nineteenth Annual Reunion of the Grand Army of the Republic at Portland, Me., Closed.

General S. B. Burdette, of Washington, Chosen Commander-in-Chief—Resolutions Adopted—San Francisco Gets Next Reunion.

WOMEN'S RELIEF CORPS.

PORTLAND, Me., June 26.—Several thousand of the veterans in the encampment of the eastern promenade marched in various groups early yesterday morning to the steamboat wharves where they embarked for the sail down the harbor, others took trains for Old Orchard, while others went to the White Mountains. A few of the posts left for home.

It was thought that extra police would be required to enforce the liquor force, but if such an idea was entertained it was abandoned, for there has been no attempt to enforce that law. Not a seizure of liquor has been made this week, against an average of twenty seizures weekly previous to the present time.

The report of the Committee on Rules was submitted. Among the matters referred to was the observance of Saturday, May 29, 1885, instead of Sunday, as Decoration Day.

The Committee on the Commander-in-Chief's report recommended the investment of \$10,000 of the society's funds in first mortgage bonds, and authorized suits to be brought against manufacturers of bogus badges.

The Committee on Resolutions recommended asking Congress to provide for retaining names on headstones in the National Cemeteries. They reported against the universal eight dollars monthly pension bill.

Comrade Graves, of Michigan, submitted a minority report. Mr. Loring, of Massachusetts, supported the latter. Mr. Anthony, of Kansas, and Mr. Grosvenor, of Ohio, opposed it. After further debate for several hours both reports the majority report was adopted.

In the afternoon officers were elected as follows: For Commander-in-Chief, S. S. Burdette, Department of the Potomac, received 249 votes; J. A. Reynolds, of New York, 129, and John W. Burst, of Illinois, 79. Burdette's election was made unanimous. Comrade Comer, of Maine, was elected Senior Vice Commander-in-Chief; John B. Lewis, of Atlanta, Georgia, Vice Commander-in-Chief; J. C. Tucker, of California, Surgeon General; L. H. Stewart, of Ohio, Chaplain-in-Chief. After transacting some unimportant miscellaneous business the convention sang "Auld Lang Syne." Adjourned sine die.

At the four p. m. session of the National Encampment, after discussion it was voted to hold the next Encampment at San Francisco.

Department Commander Hall, of Maine, on behalf of Burnside Post 47, of that State, presented to the National Encampment a gavel made from wood gathered from all the States and Territories in the Union, with the request that it be held until the organization ceased to exist and then turned over to the State of Veterans.

Last evening a grand reception was extended the California delegation at the Fairmount Hotel. The reception was in charge of Governor Robie, General Connor, General John Marshall Brown, General C. P. Matlock and Dr. A. C. Hamlin.

At yesterday's session of the Woman's Relief Corps Convention, President Mrs. Sherman appointed Mrs. Barker, of Massachusetts; Mrs. Wittenmyer, of Pennsylvania; and Miss Gizard, of Illinois, a committee on army relief workers. Mrs. Kate Sherwood was unanimously re-elected President, but declined Mrs. Sarah E. Fuller, of Massachusetts, was unanimously chosen her successor. Governor Robie and staff, of Maine, were introduced to the ladies, along with Governor Alger, of Michigan. A half-hour was devoted to speeches by General C. P. Matlock and Dr. A. C. Hamlin.

At the four p. m. session of the National Encampment, after discussion it was voted to hold the next Encampment at San Francisco.

A Shocking Tragedy.

EUFAULA, Ala., June 25.—Information came by courier on Tuesday from forty miles below here of a shocking tragedy which took place at Antioch Church just after service Sunday morning. When Wiley Vining was killed by Left Ashley, his brother-in-law. An old feud existed between them, owing to Vining's marriage to Ashley's sister, who had been left all the property of her father. The men met at the church and Vining asked Ashley to go home to dinner with him and let the past be forgotten. Ashley took Vining's outstretched hand, and without warning, raised his left hand, in which he held an open knife, and struck Vining once in the temple and again in the head and throat, inflicting terrible wounds. Vining fell to the ground and Ashley continued to use the knife, plunging it five times into his victim's chest. When assured of Vining's death, Ashley mounted his horse and rode away and has not been seen since. The citizens have raised a purse of \$200 to be given as a reward for his capture and it is understood that the Governor will also offer a reward.

A Deceased County Treasurer Short.

Tiffin, O., June 26.—Much excitement is occasioned by the announcement that the late County Treasurer, John Heabler, was a defaulter in the sum of \$15,000. The rumor was first set about at Heabler's funeral, at Tiffin, Wednesday. His bondsmen spent the day with the County Commissioners in an examination of the records of the office, with the result above stated. Heabler employed the full confidence of the community. He had recently made extensive improvements in his mill property at Tiffin, and it is supposed he drew upon the public funds for this purpose.

Counterfeiter Arrested.

SCOTTDALE, Pa., June 26.—Three brothers, Jacob, Zeaphanah and Robert Wolf, were jailed Wednesday for passing counterfeit coin. One of the parties, when arrested, threw away a large quantity, consisting of dollars, half-dollars, quarters, dimes and nickels. Yesterday morning officers found the dies, material and more of the spurious coin. The young men had fled from Roanoke, Pa., and were following a show which exhibited here. Robert has long been a fugitive from justice.

Walker Blaine to be Married.

WHEELING, W. Va., June 26.—It is stated on perfectly reliable authority that Mr. Walker Blaine, son of Hon. James G. Blaine, is to be married this summer to Miss Katie, the beautiful and accomplished daughter of ex-governor D. D. T. Farnsworth, of Buckhannon, this State. The acquaintance was formed while Miss Farnsworth was attending a musical school in Boston.

Ex-President Arthur Gone to Canada.

NEW YORK, June 26.—Ex-President Arthur left Wednesday night for Montreal. He was looking well, and seemed to be in good spirits. After remaining in Montreal for a day, he will go down to the Hotel George to indulge in his favorite sport of salmon fishing.

Indignation Felt at the New Decree for a \$25,000,000 Loan Guaranteed as First Lien upon All Revenues.

CITY OF MEXICO, June 26.—The new financial policy of the Government is severely criticised by those interested in investments of foreign capital in Mexico. The practical effect of the decree for a new \$25,000,000 loan, guaranteed by the first lien upon all revenues, is that the National Bank will have to suspend these corporations, and their officers are alarmed and indignant. The arbitrary course of the Government is explained by the Minister of Finance as necessary, in view of the existence of a deficit which can not be met by a loan through the National Bank nor by reduced expenditures nor by increased taxation. It is feared that the National Bank will have to suspend. There is talk that the bank and the Central and National railways will join in a protest to the Government. The bank's capital is largely held in France, and there are rumors that the French Government will protest in favor of the
